ACGA plays an influential and constructive role in the evolving Asia-Pacific governance ecosystem. We are a not-for-profit membership association founded in Hong Kong in 1999, shortly after the Asian Financial Crisis. For two decades we have been working to promote systemic improvements in corporate governance regulation and practice in Asia through independent research, advocacy and education. ACGA is entirely funded by its members and does not receive government grants or sponsorship.

We view good public and corporate governance as foundational for capital market and economic development, including sustainable development. In recent years, our research has evolved to encompass ESG reporting and the role of the board in sustainability. Our events are expanding to focus on issues such as energy transition and the governance underpinnings of ESG.

Investor Association Membership

ACGA works closely with numerous investor and governance-related associations around the region and worldwide. Recognising their important role in enhancing systemic governance standards and practices in their respective markets, ACGA offers such organisations a 50% discount on our Premium Investor Membership fee. This allows them to enjoy most of the benefits of Premium membership at a more reasonable price.

We do, however, seek a commitment from such organisations that they will utilise the services received from ACGA for internal purposes only and that they will not share such information or benefits with their members.

“At ACGA we engage in regular dialogue with financial regulators, institutional investors, listed companies, auditors and others on key corporate governance and ESG issues around the region. We take a practical, long-term view and work towards making lasting and systemic improvements.

“An important differentiator of ACGA is the original and independent research that underpins all we do.”

Jamie Allen, Founding Secretary General, ACGA

“Aberdeen, our clients, and the wider investment community have benefited tremendously from the hard work of the team at ACGA over the years.

“I have absolutely no doubt that markets are less treacherous for minority investors in the region, investors better equipped for navigating Asian markets, and regulators more informed about the needs and concerns of investors, as a consequence of the work done by Jamie and his team.”

1. Under ACGA’s articles, our Council is required to approve each new membership application.

2. The criteria for investor association membership are principles-based:
   • A clear commitment to the spirit of corporate governance.
   • Support for ACGA’s objectives and principles.
   • Evidence of efforts made to support the development of higher standards of corporate governance in your market.

   The ACGA Secretariat ascertains the answers to these questions through discussion with prospective members and independent due diligence. We report our findings to the Council’s Membership Committee.

3. Following a review, the Membership Committee may wish to seek clarification of information provided by an applicant.

4. Membership approval will be given if the Council believes that an applicant meets the criteria for membership and will add value to the Association’s member network. Approval will not be given if the Council believes otherwise or sees any potential conflict of interest.

5. The Council reserves the right to expel any member from the Association if it believes that the member no longer upholds the required standards of membership.
