INVESTOR MEMBERSHIP BOOKLET 2025

ACGA – A quarter century at the forefront of CG reform in Asia

- Since 1999 the Asian Corporate Governance Association (ACGA) has played a unique and constructive role in the evolving Asia-Pacific corporate governance (CG) ecosystem.
- We are a not-for-profit membership association founded in Hong Kong shortly after the Asian Financial Crisis. We remain headquartered in Hong Kong and operate in 12 markets around the region.
- ACGA's goal is to promote systemic improvements in CG regulation and practice in Asia through independent research, advocacy, and education.
- ACGA is entirely funded by its members and does not receive government grants or sponsorship.
- We view good public and corporate governance as key to healthy, long-term capital market and economic development, including sustainable development.
- We believe there is a need to put a firm governance foundation under sustainability efforts focusing on risks, opportunities and materiality.

ACGA Exchange

A new initiative launched in 2023, **ACGA Exchange** brings our investor and corporate members together for a regular dialogue on practical issues of corporate governance and sustainability efforts in Asia. ACGA Exchange seeks to bridge the gap between investors and corporates, providing an informal platform for deeper discussion of issues of concern to both sides.

We believe ACGA Exchange comes at an opportune time, as corporates face greater demands from investors and the latter face increased regulatory pressure to display tangible stewardship outcomes.

Themes of the previous ACGA Exchanges:

- April 2023, Hong Kong - **“Bridging the gap: How should companies and shareholders talk about board effectiveness?”**
- July 2023, virtually – discussion on the new Hong Kong Stock Exchange proposals on climate disclosure.
- October 2023, Mumbai – **“Board effectiveness and sustainability governance in India”** (organised in conjunction with Norges Bank Investment Management, an ACGA member)
- April 2024, Hong Kong - **“Are regulators, corporates and investors aligned on CG in Hong Kong?”**
- June 2024, virtually - **Investor-Auditor-Corporate Roundtable** to discuss developments in key APAC countries in mandatory sustainability reporting and assurance based on emerging global standards.
- November 2024, Singapore – **“Board independence, effectiveness, and renewal”** and **“Sustainability governance and disclosure”**
- April 2025, Hong Kong - **“ESG and shareholder value – what is the direction for HK/China?”**
